

64  
March 30th, 1962.

Dear Mr Jeffery,

Received your letter of March 26th, but cannot follow through with certain listings like Lothian D&H 8 (TARRA) Northants A-14 (no such numbering in Atkins or Dalton ' & Hamer works, Anglesea 300a is again not in Atkins or D&H; apart from others.

If you will forward a complete listing of your 400 or so tokens by Atkins...excluding the non-local and others that have D&H numbers, I will reply via air-mail and give you the D&H number that correspond to Atkins catalogue of 1892 that you can check with. This would elevate time consuming labour on your part and would put all tokens in correct order of numbering. (i.e.,) Hampshire D&H 21 is A-10 Middlesex D&H 228 is A-nonlocal A-19...what metal is this ? Devon D&H is A-2 and so on.

Our collection is rather large ...several thou but can use certain duplicates to exhibit both obverse & reverse sides of token.

With regards to books offered, would be intere Pye's book of plates issue in 1801 not 1796 that portrays 36 plates with ten token on each, if you have the former, state condition.

Before closing may I enquire if you have any of Thomas Spence's pamphlets in hard bound covers, I can always use such for further research.

Dear Mr. Jeffrey:

I just spoke to Dave Bowers and asked him whether I should come to your office on my forthcoming trip through western England and Wales. He indicated that you had a fine stock of numismatic material and therefore I will try to come to see what items I can buy. I am strictly a collector and I do a substantial amount of research and writing on American and Anglo-American numismatics.

I am going to Birmingham to do some research there for a day or so and to visit the Mint, Assay Office and the library.

I understand that you will come to the States for the ANA convention and I will also be present there. You will enjoy it.

I plan to be in your area about July 10 to July 12, but cannot give you a definite date now as we will be touring Cornwall and Devon first. We leave for London on July 1--- my wife & I.

Would you be nice enough to write me c/o Airways Garage, Bath Rd., Hayes, Middlesex and let me know when or if you will be at your office. I do not think there is time to write me in America but if you can that would be better.

As a reference I can advise you that I have collected vigorously for 40 years, have been a member of the American Numismatic Assn for 30 years and am well acquainted with Michael Dolley, David Spink, the Baldwins, C. Wilson Peck etc. I even am a member of the British Numismatic Society, which published one of my articles a few years ago.

In any event I will try to telephone you as soon as I am in a position to know when I will be in Bath and Frome, both of which we plan to visit. We will be in a camping car and therefore have no need of reservations on a schedule.

Sincerely yours,

Eric P. Newman

29th June, 1964

Dear Sir,

I should be pleased to see you in my office any time you are this way. If you are coming from Frome on route 361, when you get this side of Trowbridge you take the 350, which leads you into Melksham, as you are coming into Melksham you take the first turning on the right, past the first garage on your left, you then turn left, and my office and my house is at the bottom of the road. If you keep straight on you would crash into my front garden. I live 14 miles from Frome, which is only walking distance by American standards. I would suggest that you give me a ring the day before, my telephone number is Melksham 3143. I hope you have a very nice trip when you are over here, you will find there is a shortage of good coins in this country.

Always pleased to help.

Numismatically yours,

F.J. Jeffery.

P.s. I had a table at St. Louis last year, but I am not able to find time on my way to Cleveland.

F. J. Jeffery, FRNS.
